

Public Consultation and Webinar Wednesday 30 September 6.30pm

Redevelopment of 180 Piccadilly and 50 Jermyn Street

Great Portland Estates plc is planning to submit an application for the redevelopment of 180 Piccadilly and 50 Jermyn Street, adjoining buildings on Duke Street, St James's.

The proposals will bring forward a high-quality design, which will contain retail units on the ground floor and modern, flexible office space above.

The current buildings were built in the 1960s after bomb damage sustained during the Second World War. The internal spaces and layouts are compromised, inflexible and do not meet the requirements of modern office occupiers. The buildings' energy performance is poor and the mechanical plant old and outdated.

We are keen to show you our proposals for the site and hear your feedback. We are holding an online webinar on Wednesday 30 September at 6.30pm. You will be able to meet the team, hear how the designs have developed and ask questions.

Please visit our website to find out more about the scheme and register for updates or to attend the webinar.
