

MULTIPLEX

4 March 2024

Dear Residents and Stakeholders,

Please note that an external works package will start at 8am on Monday 11 March 2024. The works are scheduled to last for three weeks and one day (finishing on 2 April 2024). The works involve the closure of Culross Street (Park Street end) to allow for drainage works and will involve some breaking out and excavation.

There will be access to Culross Street via Blackburne's Mews as usual.

Please refer to the schematic below.

In accordance with WCC Highways compliance, full traffic warning signage and calming measures will be put in place at both ends of the affected area.

The road will remain closed until the works are completed.

Please contact me if you have any concerns regarding these works.

Thanks, and regards,

Peter
